FIGHT OUT TB

Mysore, Dec. 23

Health Minister Y. Ramakrishna regretted here yesterday that India was far behind other countries in eradicating tuberculosis.

Inaugurating the Mysore District Tuberculosis Association at the P. K. Sanatorium, he said that tuberculosis was a socio-economic disease. With the increasing population and poor conditions of living, the fight against this disease was becoming more important. This could be done only by educating the people, he said.

The Minister said the present bed strength of 3,000 in the State was inadequate and this should be raised to 7,000. Last year 100 new beds had been added.

The sanatorium in Mandya was getting ready. Mandya district had the highest percentage of TB sufferers, 2.5 per cent, he said.

Sri H. Kempe Gowda, Chairman, City Improvement Trust Board, who presided, pointed out the inadequate supply of medicines, bandage cloth etc to the K.R. and other hospitals. He urged the Government for regular supply of these things.

Dr. J. T. Ramalingam, Association Secretary, in his report said according to a sample survey about 40,000 people suffered from tuberculosis in the district. Of them 10,000 were infectious type. The bed strength in the hospital was only 389.

Earlier, Association President D. Balagopalan welcomed the gathering. Dr. H.G. Anantharamiah proposed a vote of thanks.

The Prime Minister said: "Secondly, I just realised that the report had not been placed on the table of the House at all. That is what the Mysore Government was also asking us, to dispose it off. Yuvarani Cremated

Mysore, Dec. 31

The body of Smt. Kempuchelvajammanni, Yuvarani of Mysore, was cremated with all police honours yesterday at Manuvana royal cremation ground. Sri Jayachamaraja Wadiyar, Maharaja of Mysore, lit the pyre at 5 04 p.m.

The body was taken in procession from Chamundi Vihar to Manuvana. Placed in a flower-bedecked bamboo palanquin it was carried by pall bearers. The Maharaja, in the true Hindu style, walked bare feet carrying the fire pot in front of the funeral procession all the 4 km distance.

As the procession started at 2-20 p. m., 78 minute guns were fired from the Palace battery indicating the Yuvarani's age. The procession included elephant, horsemen, reserve police with reversed arms, police band and members of the royal family. A large number of people had lined up on the route to pay homage.

At Chamundi Vihar, before the commencement of the funeral, wreaths were placed by Deputy Commissioner D. Balagopalan and Information Minister Rajasekhara Murthy. New Congress leader H. Siddaveerappa and Sri S. Channiah were also present.

Upgrade Municipality Into Corporation

CIVIC CHIEF'S DEMAND

Mysore, Dec. 31

Municipal President B. K. Puttiah urged the Government to upgrade the Mysore Municipality into a Corporation so that it could implement its schemes speedily and keep pace with other cities.

Addressing a press conference this morning, Sri Puttiah explained the impressions gained by the seven standing commitee members during their recent visit to seven municipalities viz., Hubli, Belgaum, Poona, Bombay, Kolahpur, Sholapur, and Hyderabad.

The general impression was that the corporators in these cities were working keeping aside party politics. The progress there was comparitively faster than in Mysore. The reason for their speedy implementation of schemes was that they had more powers than the municipalities in Mysore. Here they had not even the power to appoint a casual labourer, he said.

The Municipal President said that technical difficulties and red tapism in the Government approving the schemes were delaying their implementation.

He pointed out that although the approval had been sought for the construction of the Super Bazar as early as in 1961, only about a week back the Government had given its consent. Now this Rs. 9-lakh scheme had to be revised and sent to the Government's approval once again.

Similarly, the construction of Dhanvantri Road building and Anesarot Road building had been delayed, Sri Puttiah said.

It was only with the upgrading of the Municipality, more powers could be secured and such schemes could be implemented without delay and waste of money, he said.

He assured that conversion of the Municipality into a corporation would not result in levy of additional taxes. For example in Bangalore the taxation was 15 per cent while in Mysore it was 17 per cent, he said.

Mysore City had now a population of 3.29 lakhs and had spread to an area of 25 square miles, he added.

City's Progress In Last Year

Mysore, Jan. 4

As many as 400 roads, including 50 major roads, have been improved in the city during the last year by spending about Rs. 30 lakhs by the City Municipality.

As many as 360 new lights, including 110 mercury vapour lamps, were installed in important places. 350 avenue trees were planted.

During his term, Sri Puttiah said, night inspection of street lights was introduced and the Mohalla inspection was revived.

An estimate costing Rs. 45,000 has been prepared to provide underground drainage near the Hardinge Circle and the work would start in March.

Sixty new residential quarters for sweepers as well as officers were being constructed at a cost of Rs. 2 lakhs.

He said that in view of removal of restrictions to meet him, as many as 15,000 people had met him with grievances.

Action was taken on seven persons, including a junior health inspector, on charges of corruption and this had reduced corruption in administration, he said.

The Municipal President assured to clear the slum growing in Jeevanarayana katte grounds with the help of police.

Later he took round the pressmen in various divisions showing the developmental works.

The meeting was addressed by Messrs M. S. Gurupadaswamy and M. C. Basappa.

The party workers meeting has been convened again today afternoon at the District Congress Committee office to select the names of candidates and chalk-out election programme. The two Ministers are also likely to participate.

Indira Gandhi Will Be Defeated

Astrologer's Forecast

Mysore, Jan. 4

There will be Old Congress-led coalition Government at the Centre after the mid-term elections. The New Congress of Smt. Indira Gandhi will be defeated at the polls.

This is what Sri K. S. Krishnamurthi, an eminent astrologer and Visiting Professor of the Bharatiya Vidya Bhavan, foresees in the country.

Sri Krishnamurthi, who is on a visit to the city, addressing a press conference answered many questions of the pressmen as follows.

One of the senior colleagues of Smt. Gandhi will cross to the Old Congress due to higher authority confirmed on him. This will help in Old Congress coming to power.

The coalition Government will last till Nov. 1973. Till then Smt. Indira Gandhi, who will be inactive, will play important role again.

However, both the Congress groups should count their days. They have little future.

The Jan Sangh after three years will gain a bright future. Now it is the banyan tree growing in the herbs. The Communists will be slowly and steadily kept under control.

Asked about the future of Sri Veerendra Patil in the State, Sri Krishnamurthi answered that he would continue as Chief Minister even after 1972 elections. Sri Nijalingappa, has also a bright future. Mysore will not lose Belgaum to Maharashtra.

Sri Krishnamurthi claimed his system as more scientific as it was based on facts and figures. He criticised the Hindu traditional astrology and palmistry.

He also spoke on "Astrology and Music" at Sri Varalakshmi Academies of Fine Arts. Well-known writer T.S. Shama Rao presided. Mysore Brothers welcomed the gathering.

Sri Krishnamurthi yesterday inaugurated the Mysore Stellar Astrological Research Institute. Trust Board Chairman H. Kempe Gowda presided.

Textile Mills Facing Crisis

Mysore, Jan. 5

Unless the Union Government came to rescue and supplied cotton by quota system to the textile mills, as many as 120 mills were likely to be closed down in the next two months, warned Sri H. K. Kejriwal, Director of Sri Krishnarajendra Mills, yesterday.

Addressing a press conference, he explained the severe cotton scarcity the textile mills were facing and said due to this three mills in Mysore State had already been closed down.

The Government, he said, should immediately bestow its attention to this grave problem faced by the textile mills and regulate cotton supply.

He wanted the Government to also provide finance through banks to textile mills to tide over the situation.

The closure of about 120 mills would throw nearly five lakh people out of employment, he warned.

Sri Kejriwal also urged the Government to secure the 20 per cent controlled variety of cloth produced by the mills and sell them through fair price shops to the poorer class.

Messrs H. N. Palegar, Managing Director and Maheshwari were also present at the press conference.

Street Lights In Day Time

Mysore, Jan. 7

The reason for burning street lights in the city during day time is because of the maintenance staff which will be on duty attending to inspection and replacements in the area, informs Sri A. C. Muthanna, Superintending Engineer, MSEB.

Sri Muthanna, in a letter to the Municipal Prisident, has referred to the reports of street lights being found burning in the city during day time.

He says that the maintenance staff while on patrolling have to necessarily put on circuits to inspect transformers, improve voltage conditions, replace fused out lamps and for other similar reasons. Periodically, therefore, such burning of street lights during day time becomes inevitable for short period.

The Eexcutive Engineer has taken all care to replace fused out lamps without lapse of long period and further voltage improvement has been already attended to see that the mercury vapour lamps do not flicker, he says.

Compulsory Kannada Medium Opposed

Mysore Jan. 8

The syllabus of the two-year Pre University Course to be introduced from the next academic year came in for severe criticism by Sri C. M. Coutinho, Headmaster of the St. Philomena's College, in the Municipal Council yesterday.

Participating in the general debate, he warned that the imposition of Kannada medium in the course might result in widespread student agitations.

Sri Coutinho said the syllabus of the course had been sent to all high schools. According to it all students in highe shools with Kannada medium have to continue the same medium in the new PUC course also. Besides, even such of those students who have secured less than 40 per cent in SSLC should take up Kannada medium in PUC. This was rather fantastic, he described.

The Old Congress Councillor wanted freedom should be given to students to choose whichever medium they wanted. Sri Coutinho said he was not against Kannada medium, but there should be no compulsion. Otherwise it might result in agitations as in Tamil Nadu.

He disagreed with the Parishat Conference that English was not an international language.

The Councillor said the conference was "vitiated with politics" and the speeches were more like political speeches. He also referred to the Parishat's resolution that jobs should be given only to Kannadigas. "How can we fight organisations like Siva Sena with this sort of narrow parochialism", he asked.

Sri Coutinho pointed out there were students who would have taken Tamil, Urdu or Telugu as first language in high school and how they could take up Kannada medium in PUC without any knowledge of Kannada.

With this new PUC, all high schools and junior colleges will have to open both English and Kannada medium classes and this would double the expenses, he said.

Sri Coutinho felt the study of two Indian languages and four electives in the two year period was very heavy. Besides students have to appear for public examination every year unlike in old intermediate and also there will be practical examination in science. The schools were ill-equipped for this.

The course, he said, was not job criented. There was no mention of physical and moral education.

Sri Vedantha Hemmige disagreed with Sri Cutinho's observations and welcomed the board's

Tragic Khedda

Mysore Jan. 11

A "Makna" (male elephant without tusks) died in the Khedda operations at Kakanakote forest on Saturday. When the elephant refused to enter into the stockade shots were fired to threaten the animal. It fell dead in front on the stockade.

However, the officials said the elephant did not die due to bullet injuries but in the stampede of elephants which took place at the stockade.

Sri Alur Hanumanthappa, in a press conference yesterday, said the ammunition used was such that it was impossible to kill an elephant during the operations.

When the wild animals tried to get into the stockade there was stampede and one of the young cow elephants got trampled. There was no shortage of ammunition at any stage, the statement issued by the Minister said.

The profuse bleeding from an elephant, which was seen by a large number of people, was termed as "fantastic".

The "operation Khedda" began when Governor Dharma Vira gave the signal over wireless at 1 20 p. m. Kadu Kurubas, forest officials on kumkis drove a small heard from the forest into the Kabini.

First, three elephants entered the waters. One of them was bleeding with injuries. Offering utmost resistance, they turned towards the bank near the visitors' stands. More ammunition was brought to scare the animals from this place.

After about 50 minutes' struggle, the elephant herd was successfully driven into the stockade. But when the stubborn three elephants turned back from the stockade they were again chased back and during this chasing one of them was killed.

The thrilling "Operation Khedda" was witneseed by nearly 4,000 people, including 400 ticket holders. Among the distinguished spectators were Ambassador of Denmark, Consular Generals of Spain, Japan and France, French Ambassador in Japan, Andhra Forest Minister Satyanarayana Raju, Tourism Minister Rodda Mistry, Punjab Forest Minister Harnam Singh and Mysore Chief Minister Veerendra Patil.

Disappointing River Drive

Mysore, Jan. 13

The finale of the 36th Khedda operations on the banks of the river Kabini turned out to be disappointing to the record 10,000 spectators yesterday at Kakanakote.

Tamil Nadu Governor UjjalSingh gave the signal over wireless at 1-30 p.m. to commence the river drive. Spectators, jampacked in the galleries, awaited anxiously to experience the thrilling spectacle.

But a docile herd of about 30 elephants quietly walked like tamed elephants on the bushy bank in front of them.

The spectators were eagerly looking at the river. They were either late to realise that the elephants were going just in front of them or they were prevented by the thick bushes from seeing the wild animals.

The most disappointed were those who had come purchasing the Rs. 250 tickets. They were about 400.

From the herd four wild elephants, as though to oblige the VIPs, got into the river before entering the stockade. A few shots were fired to drive them into the stockade. The entire drive lasted 15 minutes.

Among the dignitories were Maharaja Jayachamaraja Wadiyar and his family, Haryana Governor B. N. Chakravarthy, New Zealand High Commissioner Lendrum, Denmark Ambassador Bearing and a group of U. S. Aid members.

Sri Wadiyar, who has seen a number of Kheddas, said this was also a good one This was said to be the last Khedda. But it depended on the progress of the Kabini project, he said. The forest area will submerge under the project.

Sri Ujjal Singh described the Khedda as interesting and exciting.

Regular roping operations will be held for one week from tomorrow.

Reorganise Varsities

Mysore Jan. 15

Union Education Minister V.K.R.V. Rao suggested here on Wednesday suitable changes in organisational structure of universities in the country to keep pace with the expansion and development of university education.

He was inaugurating a nine-day seminar on Management and Organisation of Universities in India under the joint auspices of the Mysore University and the Indian Institute of Advanced Study, Simla, at Manasa Gangotri.

Dr. Rao said it was unfortunate that problems relating to governance of universities and colleges had not received adequate attention.

India had today one of the largest educational systems of the world with a total enrolment exceeding 70 million and over 2 million teachers, he said.

Stressing the need for effective changes in administrative structure and organisation of university administration, Dr. Rao said a static organi ation cannot meet the needs and challenges of a dynamic situation.

Prof. V.K. Gokak, Director of the Indian Institute of Advanced Study, welcoming the participants said that our educational system today was as bleak as ever. Its implications were even more sinister than ever before.

There were excellent reports on Indian education including the Kothari Commission, but what seemed to be lacking was will to translate them into reality.

Earlier, Registrar A. Bharat welcomed the gathering. Dr. R.P. Singh, Professor of Education, proposed a vote of thanks.

HIGHER ALLOWANCES FOR NGOs

Bangalore, Jan. 19

About 2.5 lakh State Government employees will get an additional total benefit of Rs. three crores annually as a result of the Cabinet decision yesterday to rationalise pay scales and to increase the house rent and city compensatory allowances.

The Cabinet also decided to constitute the Government Employees' Death Relief and Welfare Fund with the objectives of giving outright grant of Rs. 1000 to the family of a deceased employee, interest-free loan for prolonged illness, loan for marriage of sons or daughters and religious ceremonies, to grant merit scholarships and to undertake social, recreational and cultural activities.

It also decided to treat a portion of the dearness allowance paid to Government employees for additional basic pay for all purposes and not merely for pension and gratuity as was done hitherto. As a result of this decision the lowest grade employee would now get a minimum basic pay of Rs. 100 instead of Rs. 65 hitherto.

The employees will also get higher increment in shorter duration. They are also permitted to encash their unutilised earned leave in excess of 30 days

The rates of travelling and daily allowances have also been revised.

The Cabinet has decided to make 50 per cent of all temporary posts as permanent ones and also to confirm officials who have put in more than five years service.

The new HRA and CCA rates will be with retrospective effect from 1 11 1970.

Finance Minister Ramakrishna Hegde, explaining the Cabinet decisions, said it had accepted the recommendations of the Committee of Officers appointed to set right some of the anomalies in the Tukol Pay Commission report.

The committee's views in respect of pay scales and other matters would be taken up by the Cabinet on Jan. 27.

Film Exhibitors Explain Problems

Mysore, Jan. 22

The problems faced by the theatre owners in the city, like black marketing in tickets, smoking in the auditorium, police arrangements, and Bundh effects were explained at a press conference this morning

Pleading for public co-operation in checking black marketing in tickets, Film Exhibitors' Association Secretary R. Vasudeva Murthy said it was a regular trade financed by some small bankers in which the theatre owners had no hand

Although steps were being taken to check smoking in the auditorium, it was only the police who could put down this. He appealed to people to co operate with theatre owners in maintaining cleanliness and good atmosphere

Although in the interest of public safety police had to make bandobust arrangements in front of the theatres, police had increased their charges recently. A policeman had to be paid Rs. 3 instead of Re. 1 and an inspector Rs. 14 instead of Rs. 5 per show. This was beyond reasonable, Sri Vasudeva Murthy said.

As regards screening of Kannada films, he made it clear that no theatre in the city was opposed for this. They were anxious that better films should be screened as far as possible.

Referring to the Bundh, he said theatres were main targets and there was no meaning in closing down the theatres.

President M. B. Basavieh, Secretary R. Narayanaswamy and Sri C. Srikantan also spoke.

The rumour that three Ministers in the State would resign from the Old Congress and join the New Congress today, was denied by the two of the three Ministers yesterday.

Puttaswamy Quits Ministry, Party

Bangalore, Feb. 1

Sri K. Puttaswamy, Minister for Law, Labour and Parliamentary Affairs, resigned from the Veerendra Patil Ministry yesterday morning, hardly three days after the resignation of Transport Minister Mohamed Ali, protesting against his party's alliance to fight mid-term elections.

Sri Puttaswamy also resigned from the primary membership of the Old Congress by writing to MPCC President Nagappa Alva.

The efforts made by Messrs Veerendra Patil, Alva and Gurupadaswamy to persuade Sri Puttaswamy to reconsider his decision brought no result. Sri Puttaswamy personally handed over the resignation letter to the Chief Minister.

Sri Patil conceeding the request of Sri Puttaswamy told newsmen that he would be forwarding both the resignation letters of Sri Puttaswamy and Sri Mohamed Ali to the Governor when he returns to Bangalore today.

Sri Puttaswamy is reported to have said in his resignation letter that it is only Smt. Indira Gandhi who can provide a stable Government.

With the resignation of the Minister, the Old Congress Legislature Party strength has decreased to 122. With the possible joining by the two Ministers, the strength of New Congress would increase to 52.

Asked what impact Sri Puttaswamy's resignation would have on the position of the Ministry, Sri Patil said: "Nothing, the number will be one less".

Effect On City Politics

Mysore, Feb. 1

What is the effect of Sai K. Puttaswamy's resignation to the Ministry and the Old Congress on the politics in Mysore City?

Although Sri Puttaswamy has a number of followers in his hometown, it is not likely that they would rush to quit the Old Congress immediately. They are still in a "thinking stage" weighing their personal position and place.

It is likely that Sri Puttaswamy's resignation, which has come not as surprise in the city will help Sri H. D. Tulsidas Dasappa, New Congress candidate for Lok Sabha from Mysore.

However, the Chief Minister has said that his resignation would have no impact on the changes of Dr. H. L. Thimmegowda, Old Congress candidate against Sri Tulsidas.

In the Municipal Council, the Old Congress holding the administration with the alliance of PSP is having only 10 members on its side. On the other hand, the New Congress has a strength of 14. Any further defection from the Old Congress to New Congress might entirely change the picture.

A real picture would emerge only after some time.

Emphasising the urgency, he pointed out that these projects had been taken up to provide relief to the chronic scarcity areas.

Demand For Corporation Status

Mysore, Feb. 1

The State Government was showing step motherly attitude towards Mysore City by delaying the conversion of the City Municipal Council into a Corporation, criticised Sri B. C. Lingiah, Leader of the ruling Old Congress party, in the Municipal Council on Saturday.

Earlier, the opposition expressed by Sri M. N. Thimmiah for the conversion of the Municipality into a Corporation was serverely criticised by Sri B. K. Puttiah.

Sri Thimmiah opposed the conversion on the reason that the present tax rate in the city would go up from 21 to 35 per cent and theGovernment would stop the amount giving for dearness allowance to the Municipal employees, resulting in a total deficit of about Rs. 10 lakhs in the Municipality.

Sri Puttiah described Sri Thimmiah's statemeut as far from truth. The present tax rate was 19 per cent. But this was already higher by two per cent to that of Bangalore Corpo ration. He denied there would be any increase in taxes.

Instead of waiting for Government's acceptance for every small work to be undertaken by the Municipality, it was essential that the Council should get the status of Corporation and stand on its own legs, he said.

Sri B. C Lingiah supported Sri Puttiah.

Sri Chikkathammiah welcoming higher status to the city, wanted elections should be held for the Corporation.

Opposition leader B. N. Kenge Gowda said that all factors should be taken into consideration before the Council was raised to the status of a Corporation.

The way how this year's Republic Day was conducted at the Town Hall, making a change in the timing and without any impressive parade, was criticised by Messrs M.K. Lingiah, Srikanta Sharma and Smt. Soundaramma.

The working of the Electricity Board and the maintenance of the city lights by it was bitterly attacked by Sri Sharma.

Dr P.D. Krishnaswamy wanted strict inspection of hotels He also wanted the Vice President to be seated on the dais along with the President.

The abolition of land revenue on small holdings by the State Government was welcomed by Sri Vedantha Hemmige.

A suggestion to abolish tax on houses of Rs. 500 rental value in the city was made by Sri Somasundaram.

Earlier, the Council mourned the death of PSP leader Nath Pai. New President Jogi Siddiah presided.

New Cong. Terms On Newcomers

PARTYMEN FEAR DOMINANCE

Mysore, Feb. 3

The New Congress party leaders in the city are not jubiliant over the defection of Sri K. Puttaswamy to join the New Congress, it is learnt.

They feel that the new comers might dominate pushing them out of importance in the city politics. They feel they had played an important role in organising the New Congress at the time of the Congress party's split. Therefore, those who want to join the party now should be admitted only on certain restrictions.

Sri K. Javare Gowda, General Secretary of the City District Congress Committee (New) in a statement yesterday said that the committee would meet soon to take a decision in this regard.

He said Sri Puttaswamy and others who wanted to join the party should be admitted only with certain "conditions". The Party's High Command had already been informed of this.

The "suspension" of Sri Puttaswamy from the New Congress for six years immediately after the split had also been brought to its notice, he said.

Patil Ministry Stable

Mysore, Feb. 3

Sri M. S. Gurupadaswamy, Old Congress leader, expressed his confidence here today that the present defection of Ministers and legislators in the State would cause no danger to the Veerendra Patil Ministry as it continued to have majority in the Legislature. The defections would not also create any dent in the party, he said.

Speaking at a press conference, he suggested drawing in new blood into the party by taking advantage of the popular move to join the Old Congress as seen in Yelandur taluk a few days back and recreating a new organisation instead of growing on defections as the New Congress was doing "A party cannot be built by mere shuffling of old people", he said.

Referring to some people mentioning about Vokkaliga and Lingayat groups in the State, Sri Gurupadaswamy severely condemned any attempt to fan this kind of communal feeling.

"I know for certain that some people isolated otherwise from main political stream would like to have a new lease of political life by creating Vokkaliga and Lingayat hatred", he said and described such persons as "criminals of the society".

"I know some of the defections are engineered by this fanatical anti-social casteist criminal gang", he charged.

Readers' Forum:

Sir :

THEATRE IN ART GALLERY

Sri Jayachamaraja Wadiyar, Maharaja of Mysore, has bequeathed to the inhabitants of Mysore State in particular and the country in general the valuable paintings and other collections, housed in Jagan Mohan Palace under a public trust constituted some fifteen years ago.

This place has grown into a centre of attraction to all the visitors and tourists even. It is also serving as an educational centre to study the different schools of art. Many have expressed high opinion about the collections exhibited here. They have also expressed that the area now confined for exhibiting the articles require to be expanded as several paintings and articles have been huddled up for want of space

The main building where the exhibits are at present housed and its auditorium is vested in the public of Mysore whose care it is to see that this asset is protected with all its fame and grandeur. Those in charge of this Trust are required to exercise such beneficial measures which will protect, promote and enlarge the activities of this Gallery and they cannot subscribe to any scheme which may become directly or indirectly harmful to its interest.

It is seen from the news papers that the Auditorium attached to this gallery has been proposed to be converted into a regular cinema theatre, which would obviously spoil the beauty and importance of this Art Gallery and also disturb the quiet atmosphere which this place is now possessing It would not be in the interest and development of tourism if a theatre is run on commercial basis with all its din and disturbances within the premises of this Art Gallery which is housed in a building having its own historical and cultural importance.

It is therefore the earnest and sincere prayer that the construction of the public theatre may be stopped. Otherwise it would result in eclipsing the importance of this institution and would thrust it into oblivion. On the other hand it would be to the credit of the management if they improved the premises and enlarged its activities by acquiring the best works of art.

We feel that it is the responsibility of the Municipal authorities and the District Magistrate to see that such a commercial theatre is not constructed there. Authorities concerned in the development of tourism must also take keen interest in improving this place and see that it grows in its stature.

Joins New Congress

Mysore, Feb. 9

Sri M. L. Somasundaram of Ittegegud has resigned from the Old Congress and has joined the New Congress.

Readers' Forum:

Sir,

BEWARE OF BETRAYALS

If the citizens of Mysore State were shocked not so long ago by the strange conduct of one of the State's Ministers proving unmistakably, after his pompous and categorical denials, that dame rumour was not wrong, the citizens of Mysore city who had pinned their faith in the Organization Congress were dazed to learn of their betrayal by the President of the City Congress Committee. The manner in which the manoeuvre was engineered has left them spell bound.

Those of the office-bearers who have remained in the organization would do well to make sure of each one of themselves that a last minute betrayal will not be repeated.

Mysore City has for long been an envied seat of culture and understanding and it ill becomes its trusted servants to besmirch its fair name A vast number of its citizens see clearly the degradation that has befallen the country in the recent past and are equally determined to play their part to help retrieve the position by refusing to vote for anarchy which would inevitably follow if a government which has allowed mass murders to continue unabated for months in Bengal is again given an opportunity to rule this country.

Students Urge Change In Education System

Mysore, Feb. 10

The three day second Sir M. Visvesvaraya inter-University youth festival concluded here yesterday. Mysore University won the Visvesvaraya trophy.

Delivering the valedictory address, Education Secretary K. R. Ramachandran asked the students to make best use of the opportunities available during their career instead of getting disappointed of the faults either in the education system or in the society.

Vice Chancellor D. Javare Gowda, who presided, stressed the importance of organising youth festivals to enable students to understand one another and exhibit their talents.

It was true that everything was not correct with the present education system. But any change could be brought about by co-operation from students, teachers and academicians, he said.

Messrs Basavarajappa, Pandarinath, B. Mahendranath and Haritha, student representatives from the four Universities in the State, wanted the youth festival to be organised on a bigger scale in a proper manner.

They complained about the present education system and the method of examinations and wanted due changes.

Earlier, Sri U.K. Subbarayachar, Dean of Students Welfare welcomed the gathering. Sri Shivnna proposed a vote of thanks.

BORDER-RIVER DISPUTES

PM EXPLAINS CENTRE'S POSITION

Mysore Feb. 11

Prime Minister Indira Gandhi said here today that the Centre will have no alternative but to refer the Cauvery waters issue to a tribunal if the parties concerned did not arrive at a solution by mutual discussion.

Addressing a public meeting at the Maharaja's College grounds, she explained the position of the Centre in regard to the Mysore's "two special problems", the Cauvery waters issue and the Mysore Maharashtra boundary issue.

Referring to the border issue, she said: "We accepted the present Chief Minister's suggestion that the three Chief Ministers concerned should sit together and disscuss the issue. Although the other two Chief Ministers were not willing, we prevailed upon them to sit and discuss". Since there could not be any agreement on the issue, it became necessary to place it before Parliament, she said.

With regard to the waters issue, Smt Gandhi said that there were certain rules and laws which governed the inter State waters dispute. All such disputes had to be referred to a tribunal when there was no accord by the parties.

Cauvery waters issue was one such problem. The best solution would be to sit together and find out a solution "If it is not possible, Centre will have no right to take a decision. It will be impelled to refer it to a tribunal", the Prime Minister said.

Smt. Gandhi said the Centre had to deal with many different Governments in the States, some beloning to her party, some Opposition and some others coalition. Some States had special problems. Such problems had to be solved in a manner that they would create least bitterness.

While referring to the abolition of privy purses, she paid tributes to the Mysore Maharaja and his predecessors and said they were enlightened people who had done much for the State. The privy purse abolition was not against an individul but it was against a system, she said.

The Prime Minister was received by DCC Chief K. B. Shiviah at Mysore District border. Driving through in a open car, she addressed three roadside meetings. At many places buntings and arches had been set up. Many people cheered her. At the Hunsur tollgate, she was received by Municipal President Jogi Siddiah. She arrived at the public meeting an hour late to address the crowd which waited in the scorching sun The crowd was far less than she addressed last time.

She was welcomed by Sri Tulsidas Dasappa Sri K. Puttaswamy spoke. Sri H. M. Channabasappa translated her speech into Kannada.

CM Ridicules PM's Brand Of Socialism

Mysore, Feb. 15

Socialism was not the monopoly of the Congress (R)Chief Minister Veerendra Patil said here yesterday inaugurating the election campaign.

He said there was no difference of opinion about Socialism. But the hungry man saw Socialism in the morsel of food and not in slogans.

Sri Patil regretted that those who praised him till a few days ago and joined the other camp, discovered that he was a reactionary I they betrayed and joined the other group, they became progressives. He could tell how these progressives had opposed the land reforms fearing that it would affect them.

It was also known that to be within the ceiling limit, they alienated their lands, in their wives and sisters' names and started what were called co operative farms to throw dust in the eyes of the people.

Stating that it was not that he was anxious to remain as Chief Minister but this was certain that as long as he was Chief Minister, he would endeavour to uphold the interests of Karnataka be it on the riparian or border issue or any other issue. Otherwise, he would not be fit to call himself the Chief Minister.

He appealed for support for the candidates who supported State's interests and appealed to people to vote United Front nominees Dr. H. L. Thimme Gowda (Mysore General constituency)and Dr Beligiri Rangiah (Chamarajnagar reserve constituency).

Sri T. Subramanya former Minister, who presided said in the interests of democracy it was necessary that the Congress (R) should be routed at the polls.

Messrs. Lakshminarasimhaih welcomed the gathering and Sri B. Balliah proposed a vote of thanks.

LIFT IRRIGATION FOR DRY AREAS

Mysore, Feb. 15

The Government has decided to provide lift irrigation facilities to the ryots who mainly depend on rains, said Chief Minister Veerendra Patil while laying the foundation stone for the lift irrigation scheme near Chandahalla in T. Narasipur taluk yesterday. Contributions from the ryots who were unable to pay would be waived, he added.

The 26 lakh scheme will irrigate 7,000 acres.

Sri Patil said the Government would provide this facility to all the rain fed areas.

Presiding over the function, the Industries Minister Sri Rajasekhara Murthy, said that Sri Patil had sanctioned many projects ever since he assumed charge as PWD Minister in 1962.

In Mysore district alone as many as five big irrigation projects had been taken up, some of them were about to be completed, he added.

He said the work on Mahadeswara sugar factory at Kollegal would start in the first week of April this year. The factory had collected Rs 20 lakhs as shares and the Government had paid its share of Rs. 20 lakhs. The foundation stone for the factory would be laid in March.

Harijan Development At Slow Pace

Mysore, Feb. 15

Chief Minister Veerendra Patil said here yesterday that much had to be done to ameliorate the conditions of Harijans and Girijans.

What had been done so far was little.

Presiding over a function arranged to honour two Harijan leaders, Municipal President Jogi Siddiah and T. N. Narasimha Murthy, Sri Patil said the Government had appointed a committee under the chairmanship of Sri Basavaih to suggested measures to improve their conditions. He had requested the committee to go round the various States and if there were any States which had adopted more progressive measures than Mysore,the committee could recommend, even radical measures.

Sri B. Rachaih, Minister for Agriculture, praised Sri Patil's services to the State and his interest in the promotion of socialistic ideals. They were not interested in this "ism"or that "ism".What they were interested in was to work for the welfare of the backward people and other problems.

Industries Minister M. Rajasekhara Murthy praised Messrs Siddiah and Narasimha Murthy, who, in their reply pledged to serve the society.

Sri K. Siddiah welcomed the gathering. Sri S. Sabeel also spoke. Sri Hottappa proposed a vote of thanks.

Link Research And Industry

Mysore, Feb. 18

Governor Dhrama Vira yesterday emphasised the need for "marrying industry to science" for the economic progress of the country.

He was inaugurating a 3 day conference of Dhal Millers organised jointly by the Central Food Technological Research Institute and the Food and Nutrition Board of the Government of India.

The Governor said there was tremendous national waste due to non-application of scientific research and as such today we were losing crores of rupees.

Praising the CFTRI in helping to reduce the national loss, he said its achievements are of tremendous importance to the country.

Sri V. S Aggarwal, President, Federation of All India Foodgrains Dealers Association, in his presidential speech, said production of dhal as well as its acreage was going down in the country due to green revolution. He wanted more research in this connection.

Dr. H. A. B. Parpia, Director of the Institute, welcoming the gathering, said the criticism that national laboratories were ivory towers was no longer valid. The CFTRI last year had attended to 2,300 technical enquiries and 300 industrialists had consulted the Institute.

He said the improved techniques for pulse milling developed by the Institute gave a 10 per cent higher yield increasing the country's dhal production by nearly one million tonnes adding Rs. 25 crores per year to the national income.

Dr. S. Sermisha, Chairman, Protein Advisory Group of the United Nations Organisations, also spoke.

Dr. P. K Kymal proposed a vote of thanks.

READERS' FORUM :

Sir,

MODERN BUS STAND

Sri M.K. Lingiah deserves congratulations for tabling a motion before the Municipal Council meeting to be held on 27th instant in respect of the construction of a new bus stand in Jevannarayanakatte grounds. One hopes the motion will be passed.

The mix up in the city bus services which are steadily being augmented and the numerous through services in a single bus stand is not a happy circumstance. Furthermore, the Gandhi Square is converted into an unholy mess by the sprawling buses under private ownership.

The new bus stand should be designed with great care to accommodate all through services and public coveyances in a spacious manner to provide for sufficient growth in the foreseeable future.

OPPOSING ASPIRANTS ON ONE PLATFORM

Mysore, March 3

Three opposing candidates of the Mysore Parliamentary constituency were brought on one platform yesterday night by the Chemsists and Druggists Association to explain as to what they proposed to do to slove the problems facing the country if they got elected.

Association President M. Ramachandra Rao, welcoming Congress (O) candidate H. L. Thimme Gowda, New Congress candidate H. D. Tulsidas and Independent contestant M.L.Nanjaraj Urs, explained the problems of the people and wanted the solutions for them from the "horses' mouth".

Speaking first, Dr.Thimme Gowda explained the objectives of the Old Congress and the alliance. Their first and foremost purpose was to save democracy from Smt Indira Gandhi and protect the constitutional rights, he said.

He accused the Prime Minister of showing stepmotherly attitude to Mysore.

He offered to retire from the contest if Sri Tulsidas could get the Prime Minister's sanction for the Cauvery projects and acceptance of Mahajan report.

Sri Tulsidas replying to Dr. Gowda's charges said it was the Prime Minister who had honoured democracy more than Sri Nijalingappa Smt. Gandhi had helped the State by honouring and placing the Mahajan report before Parliament by rejecting the demands of the Maharashtrians for Pataskar formula. The opposition alliance consisted of people opposed to the State's interests, he said.

The country lacked leadership and horesty today, lamented Sri Nanjaraj Urs. He had entered the contest to expose the leaders who were trying to hoodwink the people on the country's problems, he said. He held the New Congressmen as "culprits" for the delay in the Harangi project.

ELECTION IN CITY TOMORROW

Mysore, March 6

The stage is set for the mid term poll to be held tomorrow for Lok Sabha from Mysore.

Although a pre-poll lull has set in, the three candidates and their supporters are busy with door to door campaign.

The three contestants in the field are, Dr. H L. Thimme Gowda (Old Congress), Sri H. D. Tulsidas (New Congress), who was the sitting member and Sri M. L. Nanjaraje Urs (Independent). But the fight will be mainly between the two Congress candidates.

The battle between the two is keen. Stalwarts who are campaigning for Dr. Thimme Gowda are Industries Minister M. Rajasekhara Murthy, Agriculture Minister B. Rachiah, D. M. Siddiah, T. N. Narasimha Murthy, M. S. Gurupadaswamy, M C. Basappa, B. C. Lingiah and others.

The leaders who are working for the success of Sri Tulsidas include Messrs K. Puttaswamy, H M. Channabasappa, Smt. Yashodhara Dasappa, S. M. Siddiah, who is in the city with all certainity of his success in Chamarajangar, S. Channiah, H. Kempe Gowda and other local leaders.

Sri Rajasekhara Murthy is spearheading the campaign for Dr. Gowda. With intensified work from the past few days, the Old Congress has been able to make some dent in New Congress areas in the city in K G. Koppal, Mandi and Lashkar Mohallas.

Both the candidates say they are sure of their success. But with effective propaganda, Dr. Gowda appears to have gained an edge over his rivals. Besides, the New Congress candidate is facing some odds in organising and financing his campaign effectively.

Who will win? The 5.03-lakh electorate will decide tomorrow by voting in 767 booths spread over eight Assembly constituencies of Krishnaraja, Narasimharaja, Chamundeswari (in the city), Hunsur, HD Kote K R Nagar, Periyapatna and T. Narasipur.

Elaborate police arrangements have been made About 50 officers, 715 policemen, 500 home guards, 125 armed reserve, 35 mobile squads and 8 striking forces one each in Assembly constituency will be on duty

The counting of votes of both Mysore and Chamarajanagar constituencies will begin on March 10 at the Dasara Exhibition Buildings

LITERATES SHOW LITTLE INTEREST

DULL POLLING IN CITY

Mysore, March 8

The usual apathy of the educated class and particularly in a larger percentage this time was the trend of the polling in the Mysore Parliamentary constituency yesterday

The areas in Yadavagiri, Vontikoppal, Saraswathipuram and Jayanagar, where mostly the educated people live, recorded a poor turnout ranging from 20 to 30 per cent. In some places in Yadavagiri, where the New Congress candidate H. D. Tulsidas lives, the percentage was as low as 15.

While the middle class showed this apathy, in the villages around the city and in the rural parts of the constituency the villagers turned up in large numbers. Their percentage of voting ranged from 40 to 60 per cent. In some places it was even 80 per cent. The average percentage in the constituency was around 50.

Voting in Mandi, Lashkar, Ahsok Puram, Kannegowdana Koppal, Paduvarahalli and Kayathamanahalli was brisk. In Mandi and Lashkar, where predominantly Muslims live, the voting was about 60 per cent while in Budabudakeri and Ashok Puram, the Harijan areas, the voting rate was 60 to 70 per cent.

Voting in almost all places began on a dull note and picked up slowly. In H.D. Kote as late as at 10 a.m. the percentage of polling was as low as 8 to 10.

In Hunsur town, the home town of Old Congress candidate H. L Thimme Gowda, the voting was dull even in the afternoon.

One of the reasons for less percentage of voting was the confusion regarding voting booths. Even the polling agents could not direct many voters to their respective booths.

In Gavadagere village of Hunsur, the enthusiastic New Congress poll agents had a cow and a calf near the booth to attract villagers to vote for their symbol The villagers were worshipping the cow before voting.

Brisk polling was seen in K.R. Nagar town In some booths as much as 70 to 80 per cent had voted. But here too the educated class remained less enthusiastic.

Although there are three candidates in the contest, including Sri Nanjaraje Urs (Ind), the fight is mainly between Dr. Gowda and Sri Tulsidas. The apathy on the part of the educated and more polling by women, Harijans and Muslims are likely to favour the New Congress candidate.

Middle Class Turnout More

New Trend In Bangalore Poll

Bangalore, March 8

Bangalore yesterday set a new pattern of voting when the educated and middle class voters shed their usual apathy and voted massively The heavy polling areas, where the poor and the slum dwellers live, recorded poor voting.

The middle class and upper class localities accounted for over 60 per cent while in some predominantly labour and working class areas the voting was as low as 30 per cent.

Jayanagar, Basavanagudi, Hanumanthanagar, Chamarajpet, Seshadripuram, Palace Orchards recorded heavy polling. Muslims and Christians voted in less numbers.

The apathy of the poor and the working class and the Muslims to vote appears to have affected the performance of CPI candidate M. S. Krishnan and Muslim League candidate Mukhtar Ahmed. This trend has also upset the calculations of the New Congress.

Between Sri K. Hanumanthaiya and Prof. Gopalakrishna Adiga, whoever wins will do so by a small margin, it is stated.

OCTROI ABOLISHED IN STATE

State Budget Presented Amidst Uproar

Bangalore, March 16

Abolition of the Octroi levy in the State, increase of minimum wage for agricultural labour to Rs. 2.50 a day and a corporation to undertake crop and cattle insurance are some of the salient features of the 1971-72 budget with an overall deficit of Rs. 14.46 crores presented in the Assembly yesterday by Finance Minister Ramakrishna Hegde.

On the first day of the Assembly session, unprecedented scenes and pandemonium prevailed in the House. The Opposition members made attempts to stall the presentation of the budget. A privilege motion and an adjournment motion to discuss the Lok Sabha elections in the State were rejected by the Speaker. The Finance Minister announced that the Kalinadi Hydro Electric Scheme had been approved by the Government of India and would be commissioned in 1975.

NO NEW TAXES

The budget is free from any fresh taxation proposals. The abolition of octroi will result in a loss of Rs. 6 crores to the civic bodies which will made good by alternative measures.

The other announcements are : Starting of an Institute of Management in Bangalore, the first of its kind in South for which Rs. 10 lakhs have been provided, developing Bangalore dairy into a premier dairy, setting up of a national park in an area of about 10 square miles near Bangalore, starting of 10 more schools for horticulture training, a hospital with minimum 25 bed strength in all taluk in three years, completion of the Cancer Institute, improvement of the Kanteerava stadium and a modern tennis stadium and formation of a satellite township in Yalahanka in Bangalore.

It has been also proposed to increase the freedom fighters' pension from Rs. 50 to Rs. 75, improve facilities for physical education, Sanskrit and Music and Dance, further measuaes for spreading use of Kannada in the administration, concrete steps to revitalise some of the industrial undertakings by conversion of one or two of them into joint stock companies and steps to modernise and streamline the administrative structure.

Sri Hegde explained the progress made in the field of agriculture, foodgrain production reaching a record of 5 8 million tonnes, increase in percentage of irrigation to 12 per cent.

Noisy Scenes In Cl. Meeting

Mysore, March 17

Exchange of words, number of points of order and cross talks marked the adjourned meeting of the City Municipal Council yesterday.

When the subject to nominate a member from the Council to the Social Welfare Advisory Committee came up for discussion, the ruling party consisting of the Old Congress and PSP suggested the name of SSP member Srikanta Sharma. The New Congress Opposition members suggested Sri Shivanna of their party.

The proposal was put to vote and it secured an equal number of 11 votes from both the sides. President Jogi Siddiah cast his vote in favour of the Old Congress.

Immediately, New Congress leader and others in the opposition raised a series of points of order. The Old Congress members also raised a number of points of order which resulted in exchange of words and cross-talks. The President over-ruled Sri Kenge Gowda's point of order and upheld Sri Sharma's election to the committee.

Similar trend prevailed again when the subject of filling vacancies in the various committees of the Council was taken up for consideration.

Sri Kenge Gowda by a point of order moved that the subject was not in order, therefore, it should be deleted from the agenda. On a point of order by Sri Vedantha, Sri Gowda withdrew his point of order and moved a resolution to delete the subject.

Again a series of points of order were raised on both the sides which resulted in noisy scenes for some time. The President ruling out a point of order of Sri L. Chikkarangappa declared the meeting adjourned and left the hall. He was joined by all the ruling party members.

Immediately, the New Congress members asked Vice-President Venkataramaniah of their party to sit in the President's chair. Sri Kenge Gowda moved that the meeting be adjourned to March 16, next year, which was unanimously accepted by his party members, who were the only members present.

Explaining the deliberations of the Council, Vice-Chancellor Javare Gowda told newsmen that majority of the Principals wanted the number of subjects to be studied in the optional groups to be reduced from four to three. They felt study of four subjects would be a heavy burden on the students.

Suggestions were also made to include geology and physical education in the subjects offered in the optionals.

The Vice-Chancellor made it clear that there was no compulsion in regard to the medium of instruction. Students could chose either Kannada or English medium.

Resignation Expected, SN

Decision Soon On Party Future

Bangalore, March 19

The Old Congress, with who ever remains in the party, would soon meet to take a decision about its future to end the present uncertainty, Sri Veerendra Patil said yesterday.

Whatever the decision, it should be taken by the party as a whole and not by individual members, he added.

Asked if there would be a merger between the two Congress parties, he replied: "Wait for some time".

To a question whether he also subscribed to the policies and programmes of the Prime Minister, he said: "I have never differed from any policy or programme of the Prime Minister".

Sri Patil denied that he had consulted Party President Nijalingappa before deciding to resign.

He also did not advice the Governor to dissolve the Assembly.

Reading out a statement, he said that due to circumstances beyond his control he had to willingly bow to his conscience and he had relinquished his office as Chief Minister. "I have done this without the least remorse or malice towards anyone".

The Patil Ministry was in office for 33 months and 10 days.

Differences On Ministry Formation

Bangalore, March 19

The NewCongressMLAs are divided on the course to be adopted following the resignation of the Old Congress Ministry.

Many of them are opposed to forming a Ministry with newcomers and, thesefore, are suggesting a mid term poll, it is said. The other suggestion being made is to form a Ministry and then suggest dissolution of the House, so that it could continue as a care-taker Government.

New Congress leader Siddaveerappa has taken time from the Governor till Saturday morning. The Central Parliamentary Board of the party has sent Sri Umashankar Dixit, General Secretary, for an on spot assessment. Sri Devaraj Urs will also consider the situation.

After Sri Dixit's report, the Board will decide on forming the Ministry in Mysore.

CRISIS IN NEW CONGRESS

Urs Attacks Assembly Leader

Bangalore, March 22

Sri D. Devaraj Urs, MPCC ad hoc Convener, has strongly criticised the method adopted by his party leaders in the legislature in toppling the Veerendra Patil Ministry in the State.

He issued a strongly worded statement yesterday, which clearly indicated the sharp differences that have arisen between himself and Sri H. Siddaveerappa, party leader in the Assembly, on the formation of the Ministry.

He said that what had happened since the beginning of the Assembly on March 22 did not bring "credit" to any political party in the State. "The Congress (R) in the Legislature need not have indulged in activities which may not redound to the credit of the party or the organisation".

"In its anxiety to pull down the Veerendra Patil Government, it has tried to double its numerical strength overnight. How could this miracle happen unless it be through horse trading", he said.

Sri Urs said if it was true that the Patil Ministry had no right to continue in office after his party's defeat in the Lok Sabha elections, it was equally true that the New Congress had "neither moral nor physical right to constitute a Government before going to the polls".

He declared that the people of the State were in no mood to allow any political party to play "politics of convenience". Encouraging infiltration of defectors with the sole motive of swelling the strength of the party was by no means edifying.

Sri Urs described the present direct clash of policies between the two big bosses in the party as "an honest difference of opinion and nothing more".

Poet K. V. Puttappa today called upon Kannada teachers to develop a modern and scientific outlook and teach students current values in literature as mentioned in our Constitution instead of repeating the outmoded old values.

Inaugurating a conference of Kannada Pandits, he said Kannada literature alone could broaden the students' mind and not English literature.

Although many battles had been won in cause for Kannada, the war was not yet over. Many things yet remained to be achieved. Kannada Pandits who were the warriors themselves, should train the students to continue the battle, he said.

Vice Chancellor Javare Gowda, who presided, praised the Veerendra Patil Ministry for its encouragement to Kannada. No other Ministry had helped so much, he said.

Sri S. Manchiah, Joint Director of Education, welcomed the gathering. Kannada Teachers Parishat Secretary H. Nanjegowda read a report. Sri H. K. Siddagangiah proposed a vote of thanks.

Cong (R) Ministry Or President's Rule

Bangalore, March 24

Governor Dharma Vira made it clear yesterday that either there will be a Congress (R) Ministry or President's rule in the State. There was no chance of Congress (O) returning to power.

He hoped that the decision by Delhi on Ministry making would be taken in a day or two. In the meanwhile, he said, he was taking active interest to see that the administration did not suffer because of the continuance beyond schedule of Sri Veerendra Patil's caretaker Ministry.

It would be improper for a caretaker Ministry to continue for four or five months, he added.

The Governor said as far as the Government was concerned it had prepared itself to face either situation, vote on account in the Assembly or in Parliament.

In case the decision was to have a mid term poll, then the Government could conduct the elections before May end without any trouble, Sri Dharma Vira said.

Heavy fighting was continuing in East Pakistani towns.

The Dacca University was completely destroyed under heavy shelling by the Pakistani army tanks.

Pakistan Navy yesterday joined the Army and Air Force in the effort to suppress the Free Bangla movement. Bangla Desh Govt, Set Up.

The Free Bangla Radio yesterday announced the establishment of a provisional Government of Bangla Desh and appealed to free countries, especially the neighbouring nations, to grant it recognition.

Maj. Zia Khan had been appointed the provisional head of the new government under the overall leadership of Sheikh Mujibur Rehman. Sri Rehman is directing the liberation struggle from his revolutionary headquarters in Chittagong.

The radio said that the Bangla Desh liberation army had started marching from Chittagong to Dacca.

The main strategy to be adopted by the civilian populations to bring the West Pakistani troops 'to their knees' the radio said, was to ensure that the troops did not get water and food.

Maj. Zia claimed that the liberation army had killed 300 men of the Punjab Regiment in a fighting at Comilla. Other men of the regiment filed at the end of the fighting.

The radio announced the capture of army cantonments at Comilla, Jessore and Khulna.

Rangapur and Saidpur towns have been captured by Rehman's liberation army.

Dasara Sports Venue To Be Shifted

Civic Fathers' Strong Opposition

Mysore, April 1

A proposal by the State Government to shift the venue of the annual State level Dasara sports meet from Mysore to Bangalore was strongly opposed by Sri B. C Lingiah, leader of the ruling Old Congress, in the City Municipal Council yesterday.

Sri Lingiah, who is also the Vice-Chairman of the State Sports Council, said the Government had made this suggestion to the Sports Council. The Sports Council at its meeting on March 22 at Bangalore had unanimously opposed the proposal and urged for continuing the meet in Mysore City as usual, he said.

Repeating his charge of step motherly attitude towards Mysore City by the Government, Sri Lingiah regretted the delay in implementing the Nehru Loka scheme. Sri J. B. Mallaradhya, Chairman of the State Tourism Corporation, had assured to meet the local leaders in this connection, he said.

He urged the Governor to constitute the Dasara celebration committee immediately to chalk out the programme for the Nada Habba.

Sri M. K. Lingiah supported Sri B. C. Lingiah and said if the sports meet was not conducted in Mysore, the citizens should protest by holding Mysore Bundh. He suggested a civic delegation to meet the Governor to urge for improving the importance of the city.

The failure of the Municipality to take suitable measures to stop scarcity of water supply during the summer, which has become a regular feature, was strongly criticised by many members.

Sri Somasundaram said it was 'disgraceful' that Mysore City should continue to suffer water scarcity although it had both Cauvery and Kapila rivers near by. He wanted permanent steps to be taken to overcome the scarcity.

Messrs Ramakrishna, Siddappa, L. Chikkarangappa, B.N. Kenge Gowda and Abdul Ghani criticised the failure of water supply and also power on the eve of Ugadi festival.

They also complained of increasing mosquito nuisance and wanted the health authorities to destroy mosquito breeding centres.

The disfigurement of Dr. B.R. Ambedkar's statue in Bidar was condemned by Messrs Chikkathammiah, Kenge Gowda and Krishna. They urged the Government to take steps to trace the culprits.

Sri Coutinho thanked the Pro-Universisy Board for relaxing the restrictions on compulsory Kannada medium and study of four compulsory subjects.

Dr. P.D. Krishnaswamy urged the State Government to pay all India medical scales to professors and assistant professors in medical colleges so that they were not forced to take up private practice as at present.

Praising Governor Dharma Vira for his efforts to streamline administration in the State, Sri Srikanta Sharma urged him to inspect the hospitals in the city also.

Messrs Sharma, Siddappa and Chowdiah complained of exorbitant cycle fee collected at the market stands. They wanted the Devaraj Market to be improved.

Messrs Papanni, M. E. Ganesha Rao, Krishnaji and B. K. Puttiah also spoke.

Earlier, the Council mourned the death of Nagaswara Vidwan H. C. Beluriah.

Dasara Sports Venue To Be Shifted

Civic Fathers' Strong Opposition

Mysore, April 1

A proposal by the State Government to shift the venue of the annual State level Dasara sports meet from Mysore to Bangalore was strongly opposed by Sri B. C Lingiah, leader of the ruling Old Congress, in the City Municipal Council yesterday.

Sri Lingiah, who is also the Vice-Chairman of the State Sports Council, said the Government had made this suggestion to the Sports Council. The Sports Council at its meeting on March 22 at Bangalore had unanimously opposed the proposal and urged for continuing the meet in Mysore City as usual, he said.

Repeating his charge of step motherly attitude towards Mysore City by the Government, Sri Lingiah regretted the delay in implementing the Nehru Loka scheme. Sri J. B. Mallaradhya, Chairman of the State Tourism Corporation, had assured to meet the local leaders in this connection, he said.

He urged the Governor to constitute the Dasara celebration committee immediately to chalk out the programme for the Nada Habba.

Sri M. K. Lingiah supported Sri B. C. Lingiah and said if the sports meet was not conducted in Mysore, the citizens should protest by holding Mysore Bundh. He suggested a civic delegation to meet the Governor to urge for improving the importance of the city.

The failure of the Municipality to take suitable measures to stop scarcity of water supply during the summer, which has become a regular feature, was strongly criticised by many members.

Sri Somasundaram said it was 'disgraceful' that Mysore City should continue to suffer water scarcity although it had both Cauvery and Kapila rivers near by. He wanted permanent steps to be taken to overcome the scarcity.

Messrs Ramakrishna, Siddappa, L. Chikkarangappa, B.N. Kenge Gowda and Abdul Ghani criticised the failure of water supply and also power on the eve of Ugadi festival.

They also complained of increasing mosquito nuisance and wanted the health authorities to destroy mosquito breeding centres.

The disfigurement of Dr. B.R. Ambedkar's statue in Bidar was condemned by Messrs Chikkathammiah, Kenge Gowda and Krishna. They urged the Government to take steps to trace the culprits.

Sri Coutinho thanked the Pre-Universisy Board for relaxing the restrictions on compulsory Kannada medium and study of four compulsory subjects.

Dr. P.D. Krishnaswamy urged the State Government to pay all India medical scales to professors and assistant professors in medical colleges so that they were not forced to take up private practice as at present.

Praising Governor Dharma Vira for his efforts to streamline administration in the State, Sri Srikanta Sharma urged him to inspect the hospitals in the city also.

Messrs Sharma, Siddappa and Chowdiah complained of exorbitant cycle fee collected at the market stands. They wanted the Devaraj Market to be improved.

"The time is running out and it will run out if no decision is taken within a week". There was the difficulty about revising electoral rolls, about which there had justifiably been many complaints, he said.

MISL "Fraud" On Governor

Bangrlore, April 3

Governor Dharma Vira yesterday sharply criticised the Mysore Iron and Steel Limited for getting him to inaugurate two furnaces which were yet to be commissioned.

"They perpetrated that fraud on me. I don't like that such frauds should be played on me", he reacted.

The Governor said he was not happy with the working of MISL, a major industrial complex. "There is a lot of deadwood to be cleared".

This could certainly not be dore by a temporary and part time chairman. That is why, he said, he had posted Sri Chandappa Patil from the State Electricity Board to the MISL as its Chairman.

He denied that the transfer was "motivated" and said Sri Patil was a nice officer with a good record of service.

He disapproved some people writing to him not to transfer the MSEB Chairman and said that somebody had organised this.

He was in search of an efficient and good engineer to be the MSEB Chairman, Sri Dharma Vira added.

Expansion Of Rly. Workshop

Minister's Assurance

Mysore, April 12

Union Railway Minister K. Hanumanthaiya assured here on Saturday to expand the railway workshop in the city.

Replying to the civic address presented to him by the City Municipal Council, he said that smaller towns should have bigger railway workshops instead of having them in bigger cities. He would not allow for the transfer of city railway workshop to elsewhere but see that it was expanded, he said.

Referring to the plea for converting the Mysore-Bangalore metre gauge into broad gauge, the Railway Minister said he had already considered this need. It was estimated to cost about Rs. 12 crores.

Mr. Hanumanthiya naratted how the paucity of funds stood in the way of taking up new rail lines or converting metre gauge into broad gauge. The Plan provided only Rs. 6 crores for new rail lines mostly for transporting minerals, he said.

He expressed the need for taking up conversion of metre-gauge lines into broad gauge on a phased programme so that there could be one system in the entire country.

About the Chamarajanagar Satyamangalam railway line, he conceded the need for it and said that the railways were facing deficit In the interim budget, the deficit was estimated to be Rs. 22 crores and next year it was likely to be Rs. 33 crores.

He said in view of the two new rail lines in this region-Bangalore Salem and Hassan Mangalore—it had to be considered whether the Chamarajanagar line would be profitable.

He, however, assured to consider both these demands at the time of preparing the final budget to be placed before Parliament.

Sri Hanumanthaiya said he was sure of a full-fledged AIR station being set up in the city and assured to construct overbridges near Yadavagiri and Kannegowdanakoppal.

Earlier, Municipal President Jogi Siddiah prsenting the address urged for broad gauge between Mysore and Bangalore, Chamarajanagar-Satyamangalam rail line, implementing Nehru Loka scheme, expansion of the railway workshop, starting of a full fledged AIR station and a overbridge at Yadavagiri.

Municipal Councillors M. E. Ganesha Rao and Krishnaji presented a cake of the model of rail engine to the Minister.

Epics In Cheaper Editions Urged

Mysore, April 13

The need to bring out the great epics in cheaper editions to enable even the poor to buy and understand the rich heritage of the country was stressed by the speakers at the function held at Maharaja's College Centenary Hall yesterday to release the cheaper edition of Dr. K. V. Puttappa's "Sri Ramayana Darshanam".

Sri G. Narayana, President of the Kannada Sahitya Parishat, released the first copy and handed over it to Dr Puttappa. Dr. A N Upadhye, Professor of Jainology, presided.

Both, former Chief Minister Veerendra Patil and former Education Mintster K. V. Shankara Gowda could not be present at the function in view of their engagements in Bangalore.

Sri Narayana hailed "Kuvempu" as the poet of the community and his "Ramayana Darshanam" as the epic of the era. Knowledge should not be the hand maid of the few. If it had to spread, such great classics should be brought out at cheaper prices and made available to the masses, he said.

Dr. Upadhye said the book went to show that even today there were great writers who could produce excellent epics. This was a matter of pride not only to the Kannadigas but to all Indians.

This great classic reflected the pinnacles of Indian culture and philosophy tuned to the modern days, he praised.

Dr. H.M. Nayak, Director of Institute of Kannada Studies, welcoming the gathering thanked both Sri Veerendra Patil and Sri Shankara Gowda for enabling to bring out the book at cheaper edition.

He said the University had more such ambitious schemes and at present the 'Prasaranga' was engaged in brining out cheaper edition of Kumara Vyasa Bharata.

Earlier, there was Kavya Vachana by Smt. Gowramma Nagaraj from "Sri Ramayana Darshanam".

Assembly Dissolved

President Giri yesterday dissolved the Mysore Legislative Assembly following the recommendation of Governor Dharma Vira.

The Assembly had been suspended with the imposition of the President's rule last month.

In his report, the Governor is understood to have informed the President that no party, singly or in combination, had been in a position to assure the formation of a stable Government in the State.

The President signed the order dissolving the Assembly in the evening shortly after a meeting of the Union Cabinet where the subject was discussed.

Fresh elections are likely to be held in October. This would give the Election Commission enough time to revise the electoral rolls.

In the normal course, Mysore would have to go to polls in 1972.

Almost all the political parties in the State have welcomed the President's rule in the State under the prevailing circumstances.

Former Chief Minister Veerendra Patil said: "The inevitable has happened". A few members of the dissolved House were alone responsible for the present state of affairs, he said.

New Congress Convener Devaraj Urs said the people were "very happy" with the decision because "their will ultimately has prevailed".

GOVERNOR WARNS CORRUPT OFFICIALS

Bangalore, April 17

Governor Dharma Vira yesterday strictly warned corrupt officials of summary dismissal straight away instead of nominal punishments.

Addrdssing the conference of Deputy Commissioners, he said disciplinary action against corrupt officials could only be dismissal from service, "because they are nuworthy to serve the people". "Unless we give exemplary punishment we can never fight graft and ensure efficient administration", he said.

400 COMPLAINTS A DAY

The Governor said he was receiving every day about 400 letters. Most of them were complaints against the Excise Department, MSEB, RTO and MSRTC.

He made particulas mention of the RTO and said there was considerable graft in that office He said that driving licences had been given to people "who can't even drive a bullock cart."

Sri Dharma Vira said supply of spurious parts from MSRTC had come to his notice and he was investigating.

He also criticised "lack of courtesy" in all the Government departments and said the officials behaved as if they were still in "the imperial times".

He asked higher officers to warn all officers that if any further complaints were received in connection with delays, action would be taken against them.

PANELS TO GO

Sri Dharma Vira asked the Chief Secretary to go into the multiplicity of committees headed by the Deputy Commissioners so that the redundant ones could be abolished. The committees were eating up a lot of time of the officers, he said.

He mentioned that the district level Land Grant Committees set up to distribute surplus Government lands may be folded up.

India Rejects Pak Demand

India yesterday rejected Pakistan's request for the return of its former diplomats, Sri K. M. Shehabuddin and Sri Amjadul Haque, who had been granted asylum in India.

It has also rejected the allegation that the Government of India was in any way concerned with the actual movement of the two diplomats to their present address, and in the removal of their belongings to that place.

The Pakistan's request that its former Deputy High Commission in Calcutta, now the Bangla Desh mission, be cleared of its occupation has been also rejected.

The Pakistani High Commissioner, in a note to the External Affairs Ministry Joint Secretary said the mission, its properties and records must be restored to the legally-appointed representative of the Government of Pakistan.

Failure on India's part to eject the "unlawful" occupants would be treated as an "unfriendly act", the note warned.

India in its reply said that possession of the premises of the mission was an "internal matter for the Pakistan High Commission to settle".

"Further, we are precluded by our laws from use of force for evicting any one," it was told.

The Pakistan note also informed India of the appointment of Sri Mahdi Masud, Deputy High Commissioner in New Delhi, as Pakistan's High Commissioner in Calcutta.

India assured to extend to him "such protection and facilities as he would be entitled to by virtue of his status under international law and regulation".

Sri Hussain Ali, head of the Bangla Desh Mission in Calcutta, said that he would not hand over the premises of the erstwhile Pakistan Deputy High Commission to the new Deputy High Commissioner. "It is a rented house and I am in occupation of it", he said.

India Rejects Pak Demand

India yesterday rejected Pakistan's request for the return of its former diplomats, Sri K. M. Shehabuddin and Sri Amjadul Haque, who had been granted asylum in India.

It has also rejected the allegation that the Government of India was in any way concerned with the actual movement of the two diplomats to their present address, and in the removal of their belongings to that place.

The Pakistan's request that its former Deputy High Commission in Calcutta, now the Bangla Desh mission, be cleared of its occupation has been also rejected.

The Pakistani High Commissioner, in a note to the External Affairs Ministry Joint Secretary said the mission, its properties and records must be restored to the legally-appointed representative of the Government of Pakistan.

Failure on India's part to eject the "unlawful" occupants would be treated as an "unfriendly act", the note warned.

India in its reply said that possession of the premises of the mission was an "internal matter for the Pakistan High Commission to settle".

"Further, we are precluded by our laws from use of force for evicting any one," it was told.

The Pakistan note also informed India of the appointment of Sri Mahdi Masud, Deputy High Commissioner in New Delhi, as Pakistan's High Commissioner in Calcutta.

India assured to extend to him "such protection and facilities as he would be entitled to by virtue of his status under international law and regulation".

Sri Hussain Ali, head of the Bangla Desh Mission in Calcutta, said that he would not hand over the premises of the erstwhile Pakistan Deputy High Commission to the new Deputy High Commissioner. "It is a rented house and I am in occupation of it", he said.

GOVERNOR'S REMARKS RESENTED

Mysore, May 1

Strong resentment was expressed by the city fathers yesterday on certain remarks made by Governor Dharma Vira on the functioning of legislators and elected bodies.

During general discussion, Sri T.V.SrinivasaRao (PSP) said it was unfortunate that the Governor should make criticisms so often of the legislators and municipalcouncillors.

He referred to the abolition of the land distribution committee by the Governor and said it was the officials who were responsible for not convening the committee meetings and not non-officials.

A Governor was only a paid official and during the President's Rule he should only run the day to day administration and not rush to the Press often criticising the democratic institutions, Sri Rao said.

Sri Vedantha Hemmige, also of PSP, supporting Sri Srinivasa Rao said the Governor by his criticisms was insulting democracy itself. He questioned certain nominations in the recent committees including the one on Dasara festivities and charged that they had been formed on "selfish grounds".

Sri Hemmige said the Governor was not an elected representative of the people and, therefore, should not take any policy decisions Here, he referred to the Statement of Sri Dharma Vira on the Cauvery waters.

New Congress member Smt Soundaramma said that although the Governor had undertaken many good measures he should not criticise the peoples' reprsentatives.

Sri Chikkathammiah, also of the New Congress, said the Governor had undertaken many good steps to improve the administration in the State. There was no use in criticising him just because he had pointed out certain mistakes, he said.

The New Congress, which is actually in majority, had allotted only one seat in each of the various committees and none at all in the works committee.

The walk out was led by Old Congress leader B. C. Lingiah. Sri Jogi Siddiah was in the chiar.

Earlier, members from both the sides severely criticised the working of the Electricity Board in the city and the frequent failures in power supply.

Sri M. N. Thimmiah complained that nearly 25 per cent of the street lights were not at all functioning.

The power failures even affected the hospitals causing great inconvenience, Sri M. K. Lingiah said.

The collection of metre deposits and the raise in power charges was strongly criticised by Sri Chowdiah.

Sri Vedantha Hemmige said that it looked as though regular black out was being practised every night in the city.

Smt. Soundaramma wanted the Municipality to promptly supply bulbs to the Electicity Board to replace the defective ones.

Street lights could be seen burning during the day time, complained Sri Shivanna.

Sri Thimmiah also criticised the irregular running of the city bus services.

The Governor's decision apointing a committee on the Dasara festivities was welcomed by Sri M. K. Lingiah

Sri Shivanna complained of overcharging in the market cycle stands by contractors.

RETURN OF POPULAR RULE SOON

Says Dharma Vira

Mysore, May 4

Governor Dharma Vira said today he hoped that popular rule would be established in the State soon ending the present President's rule.

He was inaugurating the golden jubilee celebrations of Sri Krishnarajendra Co operative Bank at the Co-operators' Home.

Sri Dharma Vira referred to the brief spell of official administration in the Co operative Society before the election of the present new office bearers, and said "This is what is happening in Mysore also. I do hope popular rule will come soon and the present state will not prolong", he remarked.

The Governor praised the achievements of Sri Krishnarajendra Society and said 50 years in the life of an institution was a landmark worth celebrating.

He called upon the co-operative socieities to exercise vigilance in respect of members who took loans and did not return them promptly, thus bringing the working of a society into a grinding halt. Those who created such a situation in a co operative society were doing an anti social act, he said.

The directors should use vigilance and see that loans were given to deserving people on an impartial basis and the loans were recovered without fear or favor, he said.

Although the co operative movement was 70 years old in the country, he said it had not made good progress as it should have done. "Wherever you go you find the movement not so progressive, because it is not being run in the spirit in which it has to be run", he said

Sri Palahalli Sitharamiah, a veteran member of the Society, releasing the souvenir said that while running a co operative society there should be no room for any polities. It was unfortunate that out of 8,000 co operatives in the State neaaly half of them were facing closure due to their bad shape. The Co operative Deparatment should also guide the socieites properly instead of thinking only in terms of rules and regulations, he said.

Sri H. Gangadhar welcomed the gathering. Sri Srikanta Sharma read the messages. Sri B.K. Athmaram, President, presented an address to the Governor. Mementoes were presented to the founder members by Sri Dharma Vira. Sri Vedantha Hemmige proposed a vote of thanks.

A minute's silence was observed in honour of the late Prof. D. R. Gadgil.

Leg. Council Session Impracticable

Mysore, May 4

Sri Mir Noor Husain, former Municipal Councillor, in a statement yesterday has urged the Governor to see that the election preliminaries are completed as early as possible and time the elections so as not to fall during a disabling season.

He has pleaded with all parties contesting the elections to screen their candidates and make sure that only such candidates with a clean record of integrity and consistency, and as far as possible the new blood, are selected.

Referring to the suggestion of Municipal Councillor M.N. Thimmiah, to convene the Legislative Council, Sri Mir Noor Husain said that it is impracticable because during the President's rule the Governor has no powers to summon the Council, which is supposed to be dormant during the period. Besides, it is wrong to think that the functions of the Legislative Council are advisory in character. Its functions are to discuss matters introduced by a popular Government or referred for its consideration by the Assembly.

Praising the Governor's administration, he said the Governor's efforts at doing justice and to root out corruption, nepotism and delay in public administration deserve appreciation by the people. People have great hopes that in the few months of the President's rule he would clear the way for a new Government to take over the administration without any legacy of unsolved problems.

The Government had approved a proposal to appoint a training co ordinator in each department to assess the extent of training required for the personnel there.

Sri Lakshman Rao said that the police officers should have general idea of the developing society, the people and the environment around them.

He also suggested that the police officers should try to gain confidence of the students and establish relationship with students and teachers to overcome student disturbances.

Assistant Director K. Raghu Shetty proposed a vote of thanks.

No Recognition To Bangla Desh Now

Prime Minister Indira Gandhi yesterday told the Opposition leaders in Parliament that India was not likely to extend recognition to the Bangla Desh Government immediately.

She said that India had been sounding several friendly countries on the recognition issue. None was inclined to accord recognition right now. India also wanted, therefore, "to wait and watch the developments".

The Prime Minister said it was not because of the threat of war held out by Pakistan or fear of confrontation with China, that India was delaying a decision or recognition but for "more weighty reasons".

Even if Pakistan wanted "to go to war with India" on the recognition issue, India was not afraid of it. But no such decision could be taken in a huff or without proper examination, she said.

At the meeting all Opposition leaders barring independent member, Dr. Karani Singh and Muslim League President Mohammed Ismail urged for immediately recognition of the Bangla Desh.

The Cabinet meeting later endorsed the Prime Minister's view and felt that time had not yet come for extending such recognition.

Recognise Bangla Desh

Public Meeting Urges Centre

Mysore May 10

The Union Government was urged at a public meeting at Town Hall maidan yesterday to recognise the Bangla Desh Government and to give it all assistance in its fight for freedom.

The meeting, presided over by Municipal President Jogi Siddiah, adopted a resolution strongly condemning the genocide of Pakistan troops of the innocent Bangla Desh people.

It decided to collect funds from today in aid of the Bangla Desh patriots.

Messrs Rangaramiah, A. Mohan Rao, Mir Noor Husain, M. Sathyanarayana Rao, MLC, A. Ramanna, K.S Narayanaswamy and Somasundara Sharma spoke. Sri H. L. Srikanta Murthy welcomed the gathering and Sri T. S. Anantharangachar proposed a vote of thanks.

MLC Resents Governor's Attitude

Mysore, May 10

Sri M. Sathyanarayana Rao, MLC and President of the Mysore University Private College Teachers' Association, has taken strong exception to Governor Dharma Vira's attitude towards the teachers' delegations which met him at Coorg and Mangalore and for throwing rebuffs at them.

In a letter to the Governor, he refuted the charge that teachers were solely to be blamed for the fall in education standards. It was untrue to say that teachers were not doing their duty properly, he said.

Pointing out various maladies in the field of education, Sri Rao suggested a thorough overhaul of the Education Department so that it wielded effective control on the academic side of the primary and secondary schools.

Likewise, the Departments of Collegiate Education and Technical Education should be made to work in close unison with the Universities, he said.

He appealed to the Governor to probe deep into the matter and come out with "proper remedial measures rather than trying to demoralise and intimidate the teaching community as a whole with sweeping generalisations and off handish remarks".

Work On Kalinadi Project Begins

Governor Dharma Vira yesterday laid the foundation-stone for the first stage of the massive Kalinadi hydro-electric project at the project site in Bommanahalli, near Hubli.

Claimed to be the biggest hydal project in the country, it has a power potential of 1.3 million kilowatts. The capital cost of the first phase work is estimated at Rs. 32 crores spread over five to 6 years. The total project investment is estimated at Rs. 240 crores.

Hailing the occassion as the most momentous event of the history of power production in the State, the Govesnor said the Mysore Power Corporation would be doing a great service to the country if the scheme was completed expeditiously.

He disclosed that the Centre had asked the State Government to speed up execution of its power projects in view of the prospects of an imminent countrywide power famine.

If the clearance had been given earlier to the Kalinadi project, work might have started two years ago, he said and added even now only the first phase of the scheme had been approved and the second phase had yet to be cleared.

Better Power Supply To City

Mysore, May 11

Mysore City and surrounding areas will get abundant power from the Sharavathi generating station with the commissioning of the 220 kv power station near Hootagally on the Mysore-Hunsur road by the end of next year.

The work on the Rs. 2 crore power station to receive power from Sharavathi is under progress. The supply of additional power and laying of a ring main around the city, also to be taken up soon, would ensure adequate and regular power supply, better voltage and more power for industries.

A Rs. 70 lakh scheme to lay underground cables in the city will also be taken from this year. All new residential connections from August 1 will be only underground connections. The laying of cables and a ring main will help in ending the present frequent power failures.

This was disclosed at a press conference yesterday by Sri A. C. Muthanna, Superintending Engineer, and Sri B. G. Rudrappa, Executive Engineer, State Electricity Board, Mysore circle.

It is also proposed to spend Rs. 200 lakhs during the current year for development works including rural electrification and energisation of power sets. Last year, Rs. 190 lakhs was spent on development works as against a provision of Rs. 260 lakhs.

During last year 282 villages were electrified bringing their total to 2,282, covering nearly 50 per cent of the villages in the area. A total number of 2,528 pumpsets were provided power increasing the number of energised pumpsets to 17,613. The target for this year is 3,625.

In order to ensure satisfactory power supply, steps have been taken to instal a voltage regulator at V. V. Mohalla, instal additional transformers and regroup loads and provide a new sub-station at Mysore South. More cash collection centres are also proposed to be opened in the city.

Sri A. Lakshminarayan, Deputy Controller of Accounts, was also present at the press conference.

MADHOK DEMANDS JUDICIAL PROBE

Mysore, May 13

A demand to appoint a 3 member high power judicial commission to probe into the wide-spread serious doubts cast about the recent mid term elections was made by Prof. Balraj Madhok, Jan Sangh leader, here today.

Prime Minister Indira Gandhi either should clear herself of the charges by appointing such a commission to chemically examine the ballot papers or otherwise she should quit and hold fresh elections, he demanded.

Addressing a press conference, the Jan Sangh leader accused Smt. Gandhi of having got elected by fraudulent methods and hence, he said she had no right to continue as the Prime Minister.

He said : "Serious fraud had worked in about 200 constituencies in the mid-term election in the country. About 30 per cent ballot papers were introduced chemically to ensure that Congress (R) candidates could win". Therefore the majority secured by the Prime Minister was not the majority of the people but "by fraud", he charged.

The Jan Sangh leader said the Prime Minister's persistent refusal of the demand of all political parties for a probe, the recent results of the Lok Sabha election in Nagpur and Delhi Municipal Corporation had further strengthened the doubts of fraud in the mid-term election "Now we are cent per cent definite of this", he said and added that it was the duty of the Government to clear this.

Prof. Madhok called upon all parties and all democrats to build up a campaign in support of the probe and pending it that the Prime Minister should quit.

PSP Meet Urges Early Poll

Mysore, May 18

The ad hoc Committee of Praja Socialist Party (Karnatak) yesterday urged Governor Dharma Vira to take steps to conduct elections in the State at the earliest and help instal a democratic Government.

The meeting, presided over by Chairman M. N. Thimmiah, adopted a resolution holding the New Congress responsible for bringing down the stable democratic rule in the State by "inducing and encouraging defections and creating political instability".

It appealed to the people not to support the New Congress which, it said was born out of "political indiscipline and immorality".

The PSP welcomed the take over of the management of General Insurance companies in the country by the Centre. It said it was a step in the right direction, but felt that unless efforts were made to realise the purpose of nationalisation of banks and insurance companies in giving proper and deserving priorities to the various fields of economic activity, the moves were bound to be an "eye-wash socialism".

It demanded early implementation of the programme of ceilings on urban property and expenditure and lowering of the existing land ceilings.

The committee felt that the passing of the Nath Pai's Constitution Amendment Bill now introduced by Sri M. R. Dandavate in Parliament, followed by suitable amendments to the property rights was a precondition for progressive legislation unless "we want the luxury of payment of heavy compensation and displeasure of the Supreme Court".

Screening Of Award Winning Films

Sir—Invitations by the Special Officer, Mysore Government Film Unit, Bangalore, have been sent to important people in the city to witness the pictures that have been awarded during 1969 70, which are being exhibited in the local theatres from 17th to 20th May.

As an exhibitor, I am surprised to find that the VIPs have not responded to the invitation to witness the picture exhibited this morning at one of the theatres. We are sorry to express that it is a waste of time, energy and money on the part of the people who are voluntarily exhibiting these pictures in order to find out public reaction.

The purpose does not seem to be served as the invitations sent are treated with scant courtesy.

Power Rates: PSP Warns Stir

Mysore, May 19

The ad hoc Committee of the Praja Socialist Party (Karnatak) yesterday urged the State Electricity Board to restore old rates immediately failing which, it warned that the party would launch an agitation

The meeting, presided over by Sri M.N. Thimmiah, said the raising of electrical charges and metre hire unilaterally by the Board was "unwarranted and unjustified".

The Committee urged the Government of India to take immediate steps to bring proper legislation to bring down economic disparities in the country to a ratio of 1 to 5.

Plan Progress Disappointing

MYSORE IDEAL FOR INDUSTRIALISATION

Mysore, May 24

Mysore city and the district had all the necessary infra-structure for industrialisation, but what it badly needed was active promotional assistance, better communication and technical guidance was the opinion of the Managing Committee of the Mysore Chamber of Commerce and Industry, Bangalore which held its meeting here on Saturday.

Briefing the newsmen Chamber President Sri C. M. Reddy, said the utmost need of the city was the conversion of the Mysore Bangalore rail line into broad gauge. This, he said, would assist in the planned development of the area. There was good scope for sugar, paper, plastic and rayon industries.

The meeting felt, he said, the construction of Chamarajanagar - Satyamangalam line, pending from the past four decades, would open new vistas for industrial development and open trade routes to Coimbatore and Kerala. There was need to improve the Mandakalli airstrip and link the city with regular airflights.

Better communication could also stimulate local and international tourism to the city encouraging development of tourist trade. In view of the every day tourist traffic, there was need to construct domitory type of lodging facility to accommodate 400 to 500 tourists.

DECENTRALISATION

For industrialisation, the Chamber President said, Mysore City was ideally suited than Bangalore, which was already congested. Although it had been often said that decentralisation of industries was the avowed policy of the State Government, it had not taken a concrete shape.

The Mysore State, Industrial Investment and Development Corporation could have its regional units in places like Mysore, Mangalore and Belgaum, for development of these areas, he said. An industry cell might also be opened in Mysore City for giving information to prospective industrialists in the district.

Sri Reddy said the Chamber would meet the Governor soon to urge him to remove octroi in the State. The managing Committee also considered the gradual withdrawal of various facilities by the Postal Department, like the non-delivery of phonogram copies, telegrams during the night and non stamping on delivery mail. It had decided to write to all MPs in this connection.

The meeting also urged for direct trunk dialling between Mysore and Bangalore.

The committee members held discussions with the local branch of chamber, members of the exporters' club and the District Small-scale Industries Association on the question of industrialisation of Mysore.

Panel Wants More Powers To States

Soap, textiles including coarse cloth, readymade garments, cigarettes, motor spirit, bread and canned foods, pressure cookers, fans, bulbs and lamps and postal and telegraph rates are some of the wide range of items covered by fresh taxation in the Union Budget presented to the Lok Sabha by Finance Minister Chavan yesterday.

The fresh dose of taxation will yield a sum of Rs 220 crores in 1971 72. The Centre would get Rs. 177 crores and the States Rs. 43 crores out of the additional taxation, reducing the Centre's overall deficit from Rs. 397 crores to Rs 220 crores.

The income-tax exemption limit has been raised from Rs. 5,000 to Rs.6,000 provided an employee saves at least Rs 400 in approved forms like life insurance and provident fund.

The rate of surcharge for both individuals and Hindu undivided families has been raised from 10 to 15 per cent where the total income exceeds Rs. 15,000 per annum.

The wealth tax has been doubled, from the present 4 per cent to 8 per cent. The exemption for the first lakh of individual wealth and Rs. two lakhs in case of undivided Hindu families will not be applicable if the wealth exceeds Rs. one lakh. Household jewellery and shares will also be taken into account.

These steps will impose a virtual ceiling on individual wealth at a much lower level than at present.

Levy has been introduced for the first time on a number of producer goods such as typewriter ribbons, ball and roller bearings, bolts, nuts and certain automobile parts.

Excise duty on luxury items like perfumed hair oil, shampoos, lipstick, playing cards, cameras, protographic equipment, foam mattresses, zip fasteners, dry fruits, canned vegetables, preparations of glucose and dextrose, vacuume flask, tableware and chinaware and woolen yarn has been levied.

The levy duty of 10 paise per kilo gram on maida poroduced by roller flour mills accruing to Rs. 7.4 crores will be earmarked for being spent on the welfare of children.

Make SFDA Permanent Scheme

Mysore, June 11

The regional workshop of the Small Farmers' Development Agencies of the Southern States was inaugurated by Sri M. A. Quraishi, Additional Secretary to Government of India, Ministry of Food and Agriculture, this morning at the Administrative Training Institute.

He said that as much as 70 per cent of working force-the weakest section of the small farmers-had not been benefitted by the Green Revolution.

This social imbalance might lead to a red revolution instead of a green revolution, he felt.

The Centre understanding the seriousness of the problem, Sri Quraishi said, had started 20 pilot projects known as Small Farmers Development Agencies which had now been raised to 46 costing Rs. 67.5 crores.

The small farmers agencies would not only help the small farmers, but provide jobs for employed and under-employed people in rural areas, he said.

Explaining the object of the workshop, he said it was meant to solve the many problems that were faced by the administrators of these agencies.

After holding regional workshops in different zones, there will be a national workshop in Delhi during October, he added.

Sri G.V.K. Rao, Development Commissioner of the State Government, in his presidential address stressed the need to make these pilot projects into permanent schemes so that the farmers could be assured of permanent benefits.

Sri M. Subramanyam, Divisional Commissioner, welcoming the gathering said the workshop being conducted by the Government of India meant to see how best the facilities under the agencies could be pressed into service.

Sri K Narasimha Murthy, Institute Director, proposed a vote of thanks.

Governors Not Agents Of Centre

Reddy Refutes Criticisms

Mysore, June 12

The oft-heard criticisms that the Governor was an agent of the Central Government or a mere ornamental figure head was strongly repudiated by Sri K. C. Reddy, former Madhya Pradesh Governor, here yesterday.

He was delivering the M. Venkatakrishnayya memorial lecture on "the Role of Governors under the Constitution", under the auspices of the local Journalists' Association.

Sri Reddy described the Governors as the "lynch-pins of the constitutional structure in the States and also the connecting link with the Centre".

He was the watch tower witnessing what goes on in States, if necessary guiding, advising and even admonishing those who run the administration to make it smooth sailing, he described.

Sri Reddy said it was wrong to say that a Governor would be a 'dictater' during the Presidents' rule in a State. He said the Governors conduct could be questioned in Parliament and even the President could be impeached for the failures of a Governor.

He suggested it was better that the Governor during the President's rule took the MPs, Press and others who would give reasonable advise into confidence.

Supporting amending the Constitution whenever it became necessary, the ex Governor said that there would be certain loopholes noticed either in its interpretation or in its implementation and at all such times Constitution had to be amended.

He described the Indian Constitution as an "hybrid constitution" which had many good things taken from many other Constitutions. It had both unitary and federal characteristics and therefore was "uni-federal constitution".

Sri Reddy paid tributes to Sri Venkatakrishnayya, the Grand Old Man of Mysore.

Association Secretary H. L. Srikanta Murthy welcomed the gathering. Sri Agaram Rangiah, who has instituted the lectures, spoke Association President A. Ramanna proposed a vote of thanks.

SHOW-CAUSE NOTICE TO CIVIC BODY

Mysore, June 22

The City Municipal Council has been served with a show-cause notice to be replied within a fortnight by the State Government.

The time given for a reply to the notice dated June 2 has already expired, it is understood.

The notice has been served following an order of the Divisional Commissioner holding as illegal the resolution of Sri B.N. Kenge Gowda, New Congress leader, recorded to have been passed in the Council meeting on March 10 postponing the Council for a period of one year, till March 16, 1972.

According to a report made by the Municipal Commissioner to the Divisional Commissioner, the resolution had been adopted with Sri S. Venkataramaniah presiding, after the President had left the meeting declaring that it was closed.

The Divisional Commissioner, in his order, stated that the deliberations held under the chairmanship of the Vice-President was contrary to the provisions of Sec. 47 of the Municipalities Act and therefore was clearly unlawful. The proceedings were also of doubtful nature.

The Divisional Commissioner under Sec. 306, therefore, suspended the operation of Sri Gowda's resolution recorded in the proceedings book.

The Government confirming the order of the Divisional Commissioner has asked the Council to show-cause within 15 days from the receipt of the notice against the action proposed in this regard.

"If no reply is received within the said time, it will be presumed that the Council has no explanation to offer and further action will be taken on the material available", it said.

The Municipal Council held an in-camera meeting yesterday and considered the show cause notice. It decided to seek the advise of the legal committee and adjourn the meeting for tomorrow for further discussion.

Council Defends Adjournment

Mysore, June 24

The City Municipal Council in reply to the show cause notice issued by the Government is reported to have defended its action of adjourning the Council meeting of March 16 by one year.

The Council yesterday held a closed door meeting to consider the show-cause notice which it had referred to the Legal Committee on last Monday for its opinion.

The Committee is stated to have recommended that the resolution of Sri B.N. Kenge Gowda, moved in the council meeting on March 16 under the chairmanship of the Vice-President to adjourn the meeting by one year, meant that the discussion of undisposed subjects of the meeting was adjorunned.

Section 47 of the Mysore Municipalities Act was applicable only to ordinary monthly meetings and not for adjourned meetings, it said. Hence, the Committee claimed, that the Section 47, under which the Divisional Commissioner had held Sri Gowda's resolution as unlawful, was not applicable in this case.

The Committee had also pointed out that there was no bar in any of the provisions of the Act for such an adjournment of the House. Hence, Sec. 309, under which the Divisional Commissioner had suspended the operation of the resolution, need not be made applicable, it said

The Council, President Jogi Siddiah presiding, is stated to have discussed the Committee's recommendation for nearly two hours and accepted it unanimously. It was moved by Sri Kenge Gowda, New Congress Leader, and seconded by Sri K. N. Somasundaram.

RADIO STATION AT LEH

Ladakh District of Jammu and Kashmir will be brought on the broadcasting map of India with the commissioning of a radio station at Leh.

The station will be inaugurated by the Deputy Minister of Information and Broadcasting, Sri Dharam Bir Sinha today.

The new radio station at a height of 3505 meters above sea level with a medium wave transmitter will provide, for the first time, proper broadcasting service to people of Ladakh.

AIR engineers had to face considerable difficulties in setting up the radio station. Leh is accessible only by air between November and April when the road linking Leh at Srinagar remaining blocked by snow The temperature at Leh during this period is well below freezing point, a minimum of 30 degree C is not unusual. The almost negligible rainfall and snowfall render the air dry and cold. Adding to the discomfort is the rarified atmosphere with low oxygen content which is not conducive to vigorous physical activity.

In order to facilitate quick construction, only the rooms for housing the equipment and the studios have been built of stones.

Special generators with air cool system and starting devices for extreme cold conditions were located and procured on high priority basis. One of the special features of the new station is the generation of power supply for the station by All India Radio itself.

TAKE OVER POSH HOTEL IN CITY

B. C. Lingiah Urges Govt.

Mysore, July 1

The take over of the two posh hotels—Hotel Krishnarajasagar and Hotel Metropole—by the Government after the expiry of the present lease with a private Bombay hotelier in August was strongly urged by Sri B. C. Lingiah, leader of the Opposition Old Congress, in the Municipal Council yesterday.

Sri Lingiah said the two hotels had been leased out for a very nominal rent to the private management who were collecting exorbitant rates.

Immediately after the expiry of the lease either the Government should take over and run them or hand them over to the private hoteliers in the city who were ready to pay 2 3 times more than the present lease amount, he said.

Sri Vedantha Hemmige strongly criticised the non transfer of some "influential" doctors, including the Dean, in the Government hospitals although they had put in more than 10 15 years of service.

The Governor by cancelling the transfer order of a senior doctor had yielded to influences, he alleged.

Sri Hemmige also alleged rampant corruption in the hospitals. The doctors were behaving like "monsters" and they were a "disgrace to the society", he attacked.

He also criticised the poor way of traffic control by the police at the pedestrian crossings on the Sayaji Rao Road.

Smt. Soundaramma, who also criticised the police, pointed out the unauthorised occupations near the Railway Guest House and at Jeevannarayankatte where a show encouragng gambling had also been permitted. She wanted the liquor shop there to be shifted elsewhere

The decision of the Dasara Committee to take out Bharatha Matha procession on Vijayadasami Day was welcomed by Sri M. K. Lingiah.

There were exchange of hot words between Sri Belliyappa and the New Congress nembers for about ten minutes, the latter taking exception to certain remarks of Sri Belliyappa.

A FULL LIFE DESPITE DIABETES

Even if you have diabetes, you need not be desperate, for today a diabetic can lead a full and normal life. Diabetes thrives on ignorance and carelessness and with knowledge and prompt action, there is no reason why one can't lead a normal life.

NO COMPLETE CURE

Although diabetes has been known to man since ancient times, there is no permanent cure for it yet. Commonly a disease associated with middle and old age and attributed to over feeding and affluence, it can affect person of any age and any profession. It is more common among women than men and runs in families, passing from generation to generation. It is estimated that one out of every hundred persons in India, at least in cities, suffers from diabetes.

WHY DIABETES AT ALL?

There is a gland called pancreas in the body, which produces a hormone known as insulin. This insulin helps the body to assimilate, store and use sugar as glucose, which in turn supplies energy needed by the body for its various kinds of activities. Insufficient production of insulin results in deprivation of sugar as a source of energy to the body. Thus shortage or absence of insulin causes diabetes.

You should recognise the early symptoms of diabetes, which are as follows: (i) Loss of weight and strength ;(ii) Unusual hunger, abnormal thirst and frequent urination ; (iii) Longer time taken by cuts and wounds to heal ; (iv) Recurrence of boils, carbuncles and other skin infections ; and (v) Undue fatigue and drowsiness.

3-FOLD PROGRAMME OF HAPPY LIFE

If some of these symptoms occur together and they persist, then you should immediately consult your doctor. If unfortunately you happen to have diabetes, you can effectively control it by a three fold programme of diet, insulin and exercise. You should neither starve yourself nor overeat. You should limit the intake of carbohydrates and have enough milk, cheese, meat, eggs, fruits and leafy vegetables.

EXPANSION OF RLY. WORKSHOP ASSURED

Mysore, July 7

Sri K. Hanumanthaiya, Railway Minister, yesterday assured the expansion of the Railway workshop in the city and asked the workers and the officials to send separate blueprints within a fortnight to him for approval.

Addressing the workers at Mysore South, he said there was scope for expanding the workshop and the workers were also eager to turn out more. Therefore, even if the scheme costs Rs. 30 lakhs he would not hesitate to sanction it. He asked the General Manager if necessary to fly to Delhi with the blueprints.

Impressed by the eagerness of Sri Puttaswamy, a foreman in the workshop, who offered to increase production if ten more hands were sanctioned for the section, the Minister announced on the spot two advance increments to him.

The amount of Rs. 130 received in lieu of garlands from the workers would be utilised for the Kengal Hanumantharaya temple which was under construction at Ramanagaram, he said.

Sri Hanumanthaiya said so far he had collected nearly Rs. one lakh for his ambitious "Veera Soudha" in Bangalore.

Works Manager Dubey welcomed the gathering.

"Pagadi" For Municipal Shops

Civic Fathers' Criticise

Mysore, July 10

The inefficiency of the administration in regard to Municipal shops which had resulted in increasing sub-leases and 'pagadi' system was strongly criticised by members in the City Municipal Council yesterday. President Jogi Siddiah presided.

Sri M. N Thimmiah raised the issue and demanded appointment of a committee for the management of all municipal shops.

Supporting Sri Thimmiah, Sri M.K. Lingiah said that whenever an application came for change of lease of shops they should be immediately confirmed.

Old Congress leader B. C. Lingiah alleged that negotiations were going on for the transfer of a municipal shop in Devaraja Market building on payment of Rs. 30,000 as "pagadi".

Sri Doddathammiah wanted that there should be no interference in the transfer of lease of shops from one person to another and the Municipal Commissioner should have a free hand so that the "pagadi" system could be put an end to.

As many as 230 shops had been subleased during the past one and half years, said Sri Srikanta Sharma. The lease should be confirmed in the name of those who were running business in such shops, he said.

Sri B. K. Puttiah said while income from the Devaraja Market which had 576 shops was only Rs. 14,000, the income from the Visvesvaraya Building which had 29 shops was as much as Rs. 20,000.

The arrears of rent in Devaraja Market alone amounted to Rs. two lakhs. There were persons who owed more than 20 to 30 months' rent to the Municipatity on whom no action had been taken, he said.

These indicated the inefficient administration, Sri Puttiah criticised.

Messrs Chowdiah, B.N Kenge Gowda, Somasundaram, Shivanna, Appajappa and Smt. Soundaramma also expressed their concern at the increasing "pagadi" system.

Varsity Projects Inaugurated

Mysore July 12

Governor Dharma Vira today commended the suggestion of the Mysore University to acquire more land around the Manasa Gangotri campus to avoid growth of any slums around there and also the proposal to actively associate the Zoological gardens with the Zoology Department of the University in research work.

He inaugurated the afforestation programme costing Rs. 1.70 lakhs on 80 acres on the Kukkarahalli tank area, laid the foundation stone for the Prasaranga printing press building costing Rs 15 lakhs near Paduvarahalli and inaugurated the Institue of Development Studies at Manasa Gangotri.

The afforestation programme, the Governor said was a very singnificant one as it would not only result in planting more trees toattract students to love nature but also provide employment to the youth under the Land Army programme.

He said he was noticing with deep regret anti-deforestation in the whole country. While our ancestors considered it a sin to destroy we merecilessly go on cutting trees and shaving hill-tops thus destroying national wealth and affecting climate and rainfall, he said.

Describing a printing pres as the show-window of a University, he said it would bring to light the research works done in the University. Here again he was happy that students were being provided part time jobs.

It was being said about the youth that they do not like to work with their hands but prefer executive and clerical posts. But associating students in such projects would make them to realise the dignity of labour, he added.

Referring to the Institute of Development Studides, Sri Dharma Vira said that the country was in the developing stage from the past 25 years. There was criticism that our development was lopsided.

It was good therefore an Institute was being startd in the University to study the progress in economic, political and other fields in the country.

As regards the plea of the Vice-Chancellor for financial aid the Governor said the State was facing difficulties in resources. He pointed out that compared to other States, Mysore was more generous in assisting the Universites.

Explaining the objectives of the Land Army Gen. Mohan Kumaramangalam said it wanted to emphasise that progress could be achieved only by hardwork.

MLC's Plea To Governor

Mysore, July 13

The same management had, only a month ago, been permitted to start an English medium school at Hassan.

WORKSHOP OPENED AT CFTRI

Mysore, July 20

A two day workshop on Sensory Evaluation of Foods, organised jointly by the Indian Standards Institution and CFTRI was inaugurated here yesterday by Dr.M.Swaminathan, Scientist in Charge of CFTRI.

Dr. Swaminathan said sensory evaluation techniques are essential for ascertaining the consumer preferences for foods.

He stressed the importance of quality of foods we export to other countries. He said that there is considerable potential for export of typical Indian products such as ghee, Shrikhand, Rasagolla and Halwa, Papads, and spices and spice extracts, and its success would depend upon the quality and consumer acceptability of these products in the importing countries.

In advanced countries large firms have established quality control and sensory evaluation units for ensuring quality of the products marketed by them. In India, a beginning has been made in this direction only recently by some firms, he said.

The CFTRI has set up a sensory evaluation unit for undertaking work on the quality guide-lines for the acceptability of processed food products. The ISI in collaboration with CFTRI and other institutions has been playing an important role in the formulation of food standards, Dr. Swaminathan added.

Dr. Hari Bhagwan of Indian Standards Institution, in his welcome address said that there is a great need for adopting sensory evaluation methods in India.

At present, the sensory evaluation methodology is confined to a few research institutions and a handful of commercial organisations. The detailed knowledge available with them should diffuse to others as well, and a large number of personnel should be trained for better quality control of food products, he said.

Sri V. S. Govindarajan, Chairman, Sensory Evaluation Unit of CFTRI, proposed a vote of thanks.

The workshop is attended by about 70 persons from industry, education, research and government organisations.

CAUVERY: TRIBUNAL ONLY AS LAST STEP, PM

The Centre was committed to referring the Cauvery waters dispute to a tribunal if it could not be settled in any other way, Prime Minister Indira Gandhi told the Lok Sabha yesterday.

Intervening in the debate on Mysore budget, she told a DMK member, who pressed a cut motion demanding that the dispute be referred to a tribunal, that the cut motion could not be accepted.

She replied the member that the matter would be referred to a tribunal "soon" and appealed to him not to press the cut motion.

The member withdrew the cut motion on the assurance of the Prime Minister.

The House then approved the budget.

Replying to the debate, Minister K.R. Ganesh referred to the criticism of the members on the provision in the budget of Rs 7.12 crores in the non-Plan expenditure for certain works in the Cauvery basin.

He clarified that this provision was a continuing expenditure. This amount was neither a grant nor on the Plan side

He said that unless there was a popular Government in Mysore, it would be very difficult for the Centre or the Governor of Mysore to commit.

The three hour debate on Mysore budget generated heat between DMK members and those from Mysore. The whole debate more or less centred on the Cauvery water dispute.

A CPI member of Tamil Nadu pressed his cut motion for withholding the sum of Rs. 7.12 crores provided for certain Cauvery projects. But the House rejected it by 71 votes to 37. Apart from DMK members, the other parties from Tamil Nadu including the New Congress voted for the cut motion.

TAMIL NADU USING EXCESS WATER

Bangalore, July 26

Sri Devaraj Urs, President of the Pradesh New Congress, yesterday charged Tamil Nadu with the violation of the 1924 agreement on the Cauvery waters by utilising more than its share visualised under the agreement.

He said that Tamil Nadu had not only planned to build more projects but already irrigating more land than what was entitled to under the agreement. It had been found that even the 45 TMC feet of water given to Mysore's share under the agreement was not available for impounding.

Sri Urs said that since Tamil Nadu was getting excess water from K. R. Sagar, Mysore was demanding that the rules of regulation of water at K. R. Sagar under the agreement should be removed so that Tamil Nadu did not get any excess water.

He said a meeting of the Mysore MPs had been convened by the Union Irrigation Minister on Aug. 3 to discuss the problem.
